

Playing With Fire

N-Dubz

Ha hahaha

Ha hahaha

Oohhwooooo

Eeeeeyeeaaahhh

Na naniiiiii

I don't slip or trip when she ask me where I've been
(where you been)

One big smile on my face ddarling it's just you and
Me (you and me)

Now I'm on some Alfie behaviour I'll call you back later

To many fish in the sea for me

But when the lights come on and what's her

Name is gone

I realise where I'm supposed to beee

I tried to believe every word of your sweet story

But intuition keeps telling me

Your making a fool outtameeee

Cause I'm such a good liar

Just admit it

I never did it

Yes you did

No I didn't (did)

I'm playing with fire

Just admit it

I never did it

I know you did it

No I didn't (yes you did)

Cause I'm such a good liar

Wwwoooooeeee

I can't help myself I keep playing with fire

Wwwoooooeeee

Ha hahaha

Such a good liar

Thoughts running wild through the night as I watch

You sleep (she's getting closer)

I can't help but check his text while he's passed out

Next to me (it's only a matter of time)

I'm on some CSI behaviour

Who's gonna save ya

You'll be the fool when the truth comes outttttt

But when those lights come on and what's her face

Is gone we're straight back to the same routine

I tried to believe every word of your sweet story

But intuition keeps telling me

Your making a fool outtameeee

Cause I'm such a good liar

Just admit it

I never did it

Yes you did

No I didn't (did)

I'm playing with fire

Just admit it

I never did it
I know you did it
No I didn't (yes you did)
