

Hey...

I'm a little teapot short and stout

There's some shake-up'in around me know it's talk, and no doubt

I pop the lid the lid, it's gon be me I'm gonna let it out

Nothing'll happen if I don't open my mouth

I ain't a punk bitch, I don't give a fuck

I'm just being me and speaking from the gut

Well its a little bit of us, a whole lot of you,
and we just came here to see what it do

I'm right here, and I ain't goin' nowhere

You can turn tables and you can throw chairs

I'm right here, and I ain't goin' nowhere

You can knock doors and tear up, ya'have to air so...

Spazz if you want to, spazz if you want

Spa-spazz if you want to, spazz if you want to

Spazz if you want to, spaz if you want

Spa-spazz if you want to, spazz if you want to

I'm a little teapot blowin' off steam

You put me on the heat, I don't whistle, I scream

Bang, bang, xxxx a bed xxxx a dream

This is rage blowin' up your machine

I'm a star bitch, I don't give a fuck

Don't be surprised when this xxxxx start blowin' up

Well its a little bit of us, a whole lot of you,
and we just came here to see what it do...

And now I'm wakin' up layin' in the ambulance bed

with something in my arm, I gotta get it off

A tattoo with a line that'll read your mind

And next is your mind, I gotta get it off

The xxxx they spray attack my lungs everyday

With a creeping decay, I gotta get it off

By attacking these things, I earned my wings

And my halo but first I gotta, get it off
