

Dive In Your Life

N.O.H.A.

Go out and make it
And do not fake it
It's up to you
Dive in your life
Go your own way
Forget the old days
Do not run away
Dive in your life!

Are the stupid things in your life goin' on
But you don't recognize is it right is it wrong
So stop make it break, reset
And realize what's goin' on in your head
Rid of the old bad habbits pulling you down

Go out and make it
And do not fake it
It's up to you
Dive in your life
Go your own way
Forget the old days
Do not run away
Dive in your life!

Dive dive dive in your life
Dive in your life

Take a distance from everything people say in your life
Better do it your own way and make your own style
Don't stop break out, make it
If you don't you just fucking' sit and fake it
Rid of the old bad habbits pulling you down

Go out and make it
And do not fake it
It's up to you
Dive in your life
Go your own way
Forget the old days
Do not run away
Dive in your life!
