

Bringin' da Noise

N'sync

(2x):

Bringin' da noise
Bring down the house
We came here to turn the party out
Say come on, come on
Let's raise the roof
And give `em proof
That we can get loose ya'll

We need to get down
The scene is set so right
Everybody's in the house tonight (tonight)
Lose your mind
Let your body take control (control)
You've got to feel it in your soul (in your soul)

I've got that feeling baby
You know it drives me crazy
And all I wanna do is hit the floor
I wanna shout it ya'll
So make it louder ya'll
And turn it up some more

(2x):

Bringin' da noise
Bring down the house
We came here to turn the party out
Say come on, come on
Let's raise the roof
And give `em proof
That we can get loose ya'll

Bringin' da noise
Bringin' da noise

Just shake it girl (shake it girl)
And enjoy the ride
Do what you feel inside
Cause it's your world..
All you want and more
So baby go and get yours (get yours)

I've got that feeling baby
You know it drives me crazy
And all I wanna do is hit the floor
I wanna shout it ya'll (shout)
So make it louder ya'll (loud)
And turn it up some more (more more more)

(2x):

Bringin' da noise
Bring down the house
We came here to turn the party out
Say come on, come on
Let's raise the roof
And give `em proof
That we can get loose ya'll
