Baby you're not the only one
Oh ooh, ooh yeah, hey yeah

I see the things he does to you
All the pain that he puts you through
And I see what's really going on
Staying out at night while you're by the phone

Take it from me, it's a lesson to be learned
Even the good guys get burned
Take it from me, see I would give you love
The kind of love that you've only dreamed of

Baby you're not the only one
You don't have to be afraid to fall in love
And I know that you've hurt in the past
But if you want it here's my heart
No strings attached

He doesn't give you the kind of attention
That a girl like you needs (that a girl like you needs)
'Cause he always looks around, his eyes wander round
He doesn't see you like I see, yeah

Take it from me, it's a lesson learned
Even the good guys get burned
Take it from me, baby I would give you love
The kind of love that you've only dreamed of

Baby you're not the only one
You don't have to be afraid to fall in love
And I know that you've hurt in the past
But if you want it here's my heart
No strings attached

Take it from me, it's a lesson to be learned
Even the good guys get burned
Take it from me, see I would give you love
The kind of love that you've only dreamed of
So if you want to take a chance with me

If you take a chance with me
I'll be everything you need, everything you need
Because it's our destiny, oh

(2x):

Baby you're not the only one
You don't have to be afraid to fall in love
And I know that you've hurt in the past
But if you want it here's my heart
No strings attached
