

Blonde On Blonde

Nada Surf

Cats and dogs are coming down
14th street is gonna drown
Everyone else rushing 'round

I've got blonde on blonde
On my portable stereo
It's a lullaby
From a giant golden radio

I've got no time I wanna lose
To people with something to prove
What can you do but let them talk
And make your way down the block

I've got blonde on blonde
On my portable stereo
It's a lullaby
From a giant golden radio

I've got blonde on blonde
On my portable stereo
It's a lullaby
From a giant golden radio

I've got blonde on blonde
On my portable stereo
It's a lullaby
From a giant golden radio

It's a lullaby
From a giant golden radio

It's a lullaby
From wonder-woman's radio

It's a lullaby
From wonder-woman's radio

It's a lullaby
It's a lullaby
