

Take a look at what's been done
The killing wound is the thousandth cut
A dead turtle on the beach puts my happiness out of reach
Sea sun sand self
Sea sun sand

Psychic caramel dimulants they're good for the undertow
Better than a psychotic stimulant
Word to your mother you know
But it's a drag you know sometimes
And it drags
Sea sun sand self
Sea sun sand

We will always be the sea
Years will be I, you will see
Now I finally understand the Mother's belly is here with me
Sea sun sand self
Sea sun sand

I'm going deaf and peaceful, i'm going for a walk
The times I have the most to say are the times that I can't talk
Psychic caramel dimulants
They're good for the undertow
Better than a psychotic stimulant
Word to your mother you know
But it's a drag you know sometimes
And it drags
Sea sun sand self
Sea sun sand
