

# Flying

Peter Nagy

Zmazal som tvoje číslo  
Tak bez teba prvýkrát  
Poletím s jedným krídlom  
Bude to let či pád

Love is like almost flying  
But you need both wings to fly  
Remember those days you taught me  
That love is our secret sky

What is flying with only one wing  
What is flying I need the pair to win  
What is flying  
Forgive me, I'm flying to you

Can't you see the seagull's freedom  
In the cage they can die  
I'm sending you key of my soul  
Open my tired mind

Vieš spadli sme zo stromu lásky  
Ako unavený list  
Nechaj ma s tebou stúpať  
Nechaj ma s tebou ísť

R:

Give me a little sign  
Call me - I will shine  
Open the secret sky  
I'll catch if you fall  
You must only call  
Let's open the secret sky
