

# Dreamcrusher

Naildown

Pain, sorrow, contorted relief  
No life left, left to wake  
What next? Where to go? Where..?  
Second chance, new beginning  
Sealed and denied

Gone, all gone, years swept away  
Gloom persists, bliss vanished for good  
Spare me from my damnation  
Let me go for this very last time

Dreams are crushing down  
Surrounded by walls I beg you to:  
Please, take what is left  
Don't freeze my soul  
Set me free

Wiped out, this world I had  
Shades left, devastation all around  
What next? Where to go? Where?  
Second chance, new beginning  
Sealed and denied

Dreams are crushing down  
Surrounded by walls I beg you to:  
Please, take what is left  
Don't freeze my soul  
Set me free

Don't let me down  
Don't be my dreamcrusher  
Take away my dreads  
Lay down, lay down my soul

Go

Dreams are crushing down  
Surrounded by walls I beg you to:  
Please, take what is left  
Don't freeze my soul  
Set me free

Don't let me down  
Don't be my dreamcrusher  
Take away my dreads  
Lay down, lay down my soul
