

## Eyes Wide Open

Naildown

Shivering I stand  
Obtrusive noise nearing  
Faces passing by, among the others I hide  
Your eyes fell on me, your glance, so cold  
I'd love to see you lying  
Eyes wide open  
Feel my remedy

I wish you were dead - I don't regret  
Wish you were dead - as cold as your heart  
Wish you were dead - rotten to the core  
Wish you were dead - lying eyes wide open

Several times and nights  
You seed your lies  
And drew my life  
Dream I used to live, faint memory  
You never prevailed to me  
You shut the door in my face  
You stabbed my back  
And you laughed  
I'll never forget those eyes  
And my hate for you
