

## World Domination

Naildown

Tell me what you see  
Is it just dream or fantasy?  
Tell me what you feel  
Is it just hate or bitterness?

Release all your emotions  
Make them dominate

Tell me what you fear  
Is it just your imagination?  
Escape from external form or  
Beginning of a new stage

Glowing spark near ahead  
Still away from reality  
Illuminate your descent  
Make your world dominate

Tell me what you see  
Is it just dream or fantasy?  
Tell me what you feel  
Is it just relief?
