

Behind The Child

Najwajeen

Behind the child
Will be pure?
Will be saint?

Behind the child
Will be pure?
Will be white?

Now that he knows what I feel
Now he knows what I'm in

Sweet or sweetest vampire
It's only checking my mind
It's only burning my voice
Only choosing my choice
Robbing a jungle for play

Like a snake I'm growing

Behind the child
I'll be bad
I'll be mad

Behind the child
I'll be wild like a child

Like a snake I'm growing

Behind the child
Will be pure?
Will be saint?

Behind the child
Will be pure?
Will be white?

Now everything is brought up
You know what I feel and then you know what I say, I
say...
Dream what you know want to be
I know what you feel

Behind the child
Will be pure?
Will be saint?

Behind the child
Will be pure?
Will be white?
