

Home Of The Brave

Naked Raygun

Starin' off in... to the night
She picks up her dreams and her bags
"I'm off to a place where life's right"
Jeanie walks out on the home of the brave
He picks up his boots from the dust
Knocks out the dirt on the ground
Wonders about his life... and he cussed
Stu wonders what his parents had found
Broken dreams and promises
These are the things they have and hold
A country that even...
Persecuted the Weavers
Did you ever see the Weavers?
