Peacemaker

Naked Raygun

I am the peacemaker I'll pound sand right up your ass Our moral codes differ You are scum... that is all

A trail of shit follows you around On the edge, it's a hell of a drop Your number's up We've got your name and your middle name

I am the peacemaker I'm right and you are wrong I am the peacemaker You are wrong, that is all

A trail of filth follows you around On the edge It's a hell of a drop

Peacemaker Peacemaker
