Even Now

Nana Mouskouri

Moon in the sky softly creeping Over the time from above And I lie awake hardly sleeping So lonely for only your love

Even now each night I remember
Days of summer
When blossoms filled each bough
In the cold grey days of December
My darling I miss you even now

When will I see you again Come to my arms where you belong My world will be empty till then For you are the words to my song

Even now each night I remember
Days of summer
When blossoms filled each bough
In the cold grey days of December
My darling I miss you even now

In the cold grey days of December My darling I miss you even now
