

If You Could Believe In Me

Nana Mouskouri

Like a wish tossed in a fountain
Roses in a desert plain
Only you could make it happen
If you could be near again

Time is not the same without you
Days are not what used to be
Endless nights I fight the memories
Without morning it's hard to see

Like a wish tossed in a fountain
Like a child who prays to be
Love can make you move a mountain
If you could believe in me

Love will make you feel so lucky
Sail across the deep blue sea
And tonight if you could make it
Only love can set us free

Like a wish tossed in a fountain
Roses in a desert plain
Only you could make it happen
If you could be near again

Love can make you move a mountain
If you could believe in me
