## **Johnny**

## Nana Mouskouri

When I think of Johnny
I remember the spring
I remember his laughter
And the way he would sing

Oh How I loved Johnny With my heart I loved Johnny Oh How I loved Johnny But he never knew

I prayed that he'd travel
Through the winter's wild storm
And he'd kiss me
And hold me
So close and so warm

Oh How I loved Johnny With my heart I loved Johnny Oh How I loved Johnny But he never knew

He left with leaves falling Falling dead to the ground And no more will I ever Hear his sweet laughing sound

Oh How I loved Johnny
With my heart
I loved Johnny
Oh How I loved Johnny
But he never knew
But he never knew... When I think of Johnny
I remember the spring
I remember his laughter
And the way he would sing

Oh How I loved Johnny With my heart I loved Johnny Oh How I loved Johnny But he never knew

I prayed that he'd travel
Through the winter's wild storm
And he'd kiss me
And hold me
So close and so warm

Oh How I loved Johnny With my heart I loved Johnny Oh How I loved Johnny But he never knew

He left with leaves falling

Falling dead to the ground And no more will I ever Hear his sweet laughing sound

Oh How I loved Johnny With my heart I loved Johnny Oh How I loved Johnny But he never knew But he never knew...
