

# Keeping The Love Alive

Nana Mouskouri

Both of us holding back  
So afraid to fall in love and lose again  
We've both been hurt before  
Saw love walk out the door in the end

Actin' as cold as ice - when we wanna be  
Just a foolish game we play  
You couldn't hurt me bad enough  
To make me give it up and walk away

You can't stop the feeling's too strong  
We've got the will to hang on  
Can't stop we struggle and fight to survive  
Just keepin' the love alive

We try to forget the past  
So many times  
It's hard to make those memories leave  
With all we have at stake  
We'll bend until we break  
'Cause we both believe

We can't stop the feeling's too strong  
We've got the will to hang on  
Can't stop we struggle and fight to survive  
Just keepin' the love alive

If we stand the test of time  
Love will be the lasting kind

We can't stop  
The feeling's too strong  
We've got the will to hang on  
Can't stop  
We struggle and fight to survive  
Just keepin' the love alive

We can't stop  
The feeling's too strong  
We've got the will to hang on  
Can't stop  
We struggle and fight to survive  
Just keepin' the love alive

We can't stop  
The feeling's too strong  
We've got the will to hang on  
Can't stop  
We struggle and fight to survive  
Just keepin' the love alive
