

Oh Mama, Mama

Nana Mouskouri

Oh mama mama
I am very happy
I never knew
A girl happier than me
The bells are peeling
And my head is reeling
I have got a feeling
This just cannot be
Lalala...

I hear the music
Floating through the window
And I see them dancing
In the city square
My heart is beating
And keeps on repeating
I will soon be meeting
My lover who is there

Oh mama mama
Mama wish me well now
Help me weave a spell now
Make my lover care

Eyes as bright as jewels
In the moonlight
He's the one, the only one
And I love him so
Oh! please mama
Tell me I look pretty
I must be on my way
I can't wait to go

Oh mama mama
Mama wish me well now
Help me weave a spell now
Make my lover care

Oh soon my love
And I will be together
Into a new world
We will dance away
Oh! mama maybe
He's going to tell me
Darling, we will marry
What a happy day

Oh mama mama
Mama wish me well now
Help me weave a spell now
Make my lover care
Lalala...
