

Kind Of A Woman

Nancy Sinatra

Well, I'm a sweet smelling, truth telling, city dwelling kind of a woman

Looking for a slow walking, sweet talking, hungry kind of a man

Well, I'm a wine drinking, fast thinking, eye winking kind of a woman

Just a-looking for a cool headed, unwedded serious kind of a man

Well, I'm no man's lady if you're no lady's man

So come and get me, baby, if you can, oh yeah, if you can

I'm an ice breaking, painstaking, merry making kind of a woman, yeah

Looking for a big-

hearted, uncharted, vulnerable kind of a man, yeah, I am

Well, I'm an eye-catching, back scratching, door-latching kind of a woman

Just a-looking for a love craving, cool-shaving, curious kind of a man

Well, I'm no man's lady if you're no lady's man

So come and get me baby, if you can, oh yeah, if you can

Well, I don't want a knight in armor who would be untrue

Or a rich old man who needs love too

No juvenile delinquent trying to learn what to do

Just need a good man to carry me through

I'm a hard busted, long lusted, maladjusted kind of a woman

Looking for a good looking, slow cooking, powerful kind of a man

Said I'm a big eyed, soft eyed, qualified kind of a woman

Looking for a hard riding, time binding, animal kind of a man

Well, I'm no man's lady if you're no lady's man

So come and get me baby, if you can, oh yeah, if you can
