

## Lightning's Girl

Nancy Sinatra

I've told you that I'm Lightning's girl  
But you keep hanging round  
If Lightning ever catches you  
He's got to put you down  
About six feet!

Stay away from Lightning's girl  
And this part of town  
Stay away from Lightning's girl  
Or he'll put you down...yeah

Better stop your grooving round  
Another roosters hen  
If Lightning ever catches you  
He's got to do you in  
In about two minutes!

Stay away from Lightning's girl  
And this part of town  
Stay away from Lightning's girl  
Or he'll put you down

Here comes Lightning down the street  
While you just stand there talking  
If I were you I'd start to move  
And tell my story walking  
About a hundred miles an hour!

Stay away from Lightning's girl  
And this part of town  
Stay away from Lightning's girl  
Or he'll put you down

Stay away from Lightning's g-i-are-l  
Stay away from Lightning's g-i-are-l  
Stay away from Lightning's g-i-are-l  
Stay away from Lightning's g-i-are-l
