

# That's What I Want For Christmas

Nancy Wilson

When you said yesterday that it's nearly Christmas  
What did I want and I thought just love me, love me, love  
me  
That's what I want for Christmas

When I walk through a room let them see you need me  
Walk through a room let them see you love me, love me,  
love me  
That's what I want for Christmas

Anyone can wish for all the trinkets in the window  
Some can even buy the things they see  
But the presents that I want  
You'll never find in any window  
Bring me love and bring it just for me

When you come home at night  
Take me in your arms and hold me  
Kiss me, and say you love me, love me, oh love me  
That's what I want for Christmas

Hold me  
Kiss me  
That's what I want for Christmas
