

Your Arms Of Love

Nancy Wilson

If You will and if You can
Dismiss the facts and the reprimand
And please hold me in Your arms
Your arms of love

You know the truth
And I've been taught the way
I don't have the right to come and say
Please hold me in Your arms of love

Your arms of love relieve the pain
Your arms of love, I need, I need again

So, if You will, Lord, if You can
Look past my faults and take hold
Take, hold my hand
And please hold me in Your arms

Your arms of love relieve the pain
Your arms of love I need once again

I know He will and right now
I know He can, see, He knows the facts
And somehow and somehow
He still understands

And He'll hold you in His arms
God wants to hold you, hold you in His arms
Please let Him hold you in His arms of love

When nothing else could help
The love of Jesus, His love lifted me
(Love lifted me)

I want You to hold me, hold me, Jesus
I want You to hold me
Hold me in Your arms of love
