

Apple Cherry

Nao

Tell me what you're thinking
Could I help decide
With apple cherry kisses
Do your lips read mine

Your chocolate on my tongue
I can taste what love really feels like
My tongue is numb still I take the bite
Of your requited touch
I do like the taste of
Our troubled love cause

How would it feel if I gave you up
You'd be craving me like a honey plum
No Apple cherry kisses
How would it feel

Is it me you're missing
Could I change your mind
With Apple cherry kisses
Do your lips decline

Your chocolate on my tongue
I can taste what love really feels like
My thoughts are lost if I take the bite
Of your requited touch
I do like the taste of
Our troubled love cause

How would it feel if I gave you up
You'd be craving me like a honey plum
No apple cherry kisses
How would it feel

Our love, complicated
Tough love, underrated
Broke hearts, instigated
Life apart, overrated

Our love, complicated
Tough love, underrated
Broke hearts, instigated
Life apart, overrated

How would it feel if I gave you up
You'd be craving my like a honey plum
No Apple cherry kisses
How would it feel

How would it feel if I gave you up
You'd be craving me like a honey plum
No Apple cherry kisses
How would it feel
