

## Indispose

## Napalm Death

Do you think you can trust?  
Your mind made up of the things that cause you to live your life  
Displaced  
Dispose  
Give in  
You've got the best of me  
Wear thin  
Resisting qualities  
I had no choice  
You've got the best of me  
Force me to voice  
Resisting qualities  
They blame you  
Beat you  
Drain you of remaining morsels  
As you treble  
Shattered  
Scattered now before you  
They wipe your face in disgust  
Indispose  
Despite the fact  
Accept the fact  
You gave your best
