Next on the list ?
Such a smug parasite
Smug in a comfort zone
We stepped back and watched
While you vidated
Our effects, our spirits, our souls
Opportunist scum ?
Think you're so immune ?
Opportunist scum ?
We yearn to see you removed
Opportunist scum ?
Truly spineless cunt
Opportunist scum ?
Back in this lonthsome glas
Where once I was passive,
I'm ready to snap
A pound of flesh for those that you've taken
That smiling surround can't shield you forever
When it slips, we'll be there
To fuck your world !
A slap in the face
A slap in the face
Don' tturn your back, don't lower your guard.
Or assume you're safe among fellows sharks
'cause whan I catch that patronising smirk
(it) strenghtens my will
To smash your worthless buck
A slap in the face
A slap in the face
A slap in the face
