

# Miles Away

Narnia

Can you hear them calling?  
Can you hear them crying out in hunger?  
If I could be strong  
Strong enough to face the lie within my life

I turn my head and run  
Running for tomorrow  
Can't face what I've done

Can you hear me?  
Please forgive me!  
I cry

Miles away  
A million tears away

Look them in their eyes  
Tell me can you see the children suffering  
And now our world is falling, falling apart  
Did we really take our chances?

I turn my head and run  
Running for tomorrow  
Can't face what I've done

Can you hear me?  
Please forgive me!  
I cry

Miles away  
A million tears away  
Miles away  
A million tears away

Follow the path  
2000 years of wisdom  
We're still building castles in the sand  
Learn from the past  
The time is getting short now  
Oh Father, have mercy...on me

Can you hear me?  
Please forgive me!  
I cry

I turn my head and run  
Running for tomorrow  
Can't face what I've done

Can you hear me?  
Please forgive me!  
I cry

Miles away  
A million tears away  
Miles away  
A million tears away
