

# Big Things

Nas

Get yours nigga  
Cuz Imma get mine  
In due time  
Everybody gotta shine  
Get yours, I spray nines  
I say this one time  
The last time, I swear to ya'll  
I'm from where  
The dope fiends is at  
And killas crawl  
And snitches call police  
All these niggas and street  
Corners everybody's like  
Smokin' marijuana and  
Snuffin' niggas in faces & startin' drama and  
Shootin' niggas in cold blood, just kill 'em, so what  
With the fo' pound go nuts  
Betta slow up  
Before you get your ass on up  
Nigga never gonna grow up  
Drinkin' the Henney  
But her know he gonna throw up  
Tryin' to make crack sales  
What it look like? The future for a black male  
Don't want to make my momma cry  
On a front page for a homicide  
Fly whips, all I wanted to drive  
Where chicks get blunted & ride  
Do 105 in the fast lane  
And a fast pace chasin' the papas  
Spendin' chips on big chains  
And the dimes that give brains  
That was a 80's and 90's thing  
Now I'm into big things

I ain't fuck with you  
Now I'm into big things  
Gotta get my life together man  
Cuz now I'm into big things  
Nah, I ain't gonna rhyme wit you  
Cuz now I'm into big things  
You know I can't do that shit no more  
Now I'm into big things

Nah, I can't fuck with you  
I'm into big things  
Nah, I ain't gonna stand on the corner  
I'm into big things  
Now the talk is small talk  
I'm into big things  
I'm into big things  
The big things  
The big things

When I started this  
All I wanted was cars and cribs  
Like other rap artists but

Do I know where I'm goin' to?  
Can I forget when I came from?  
I be showin' you  
Another style Imma flow for you  
Can I make somethin' wild  
I can throw for you, flow for you  
Make it bi-coastal  
Take it to heights  
That some of ya'll can't come close to?  
Some of ya'll  
Want to talk like hoes  
Worse than bitches  
And when ya'll niggas see me blow  
Bet it hurt like stitches  
No competition  
I stop and twist 'em  
Hit 'em like a mafia proposition  
I'm glad ya'll stopped and listen  
Thinkin' back to when I had not pot to piss in  
Look up at a nigga nod  
Rocks are glistenin'  
Can't stop my mission  
Make anotha LP drop  
I'm hittin'  
With the new shit exclusive  
No time to get caught up in a crime  
I ain't have shit to do with  
Used to chase the hoes  
Now I chase the dough  
Is ya'll bitches gonna help me get paper?  
No!

I ain't fuck with you  
Now I'm into big things  
Gotta get my life together man  
Cuz now I'm into big things  
Nah, I ain't gonna rhyme wit you  
Cuz now I'm into big things  
You know I can't do that shit no more  
Now I'm into big things

Nah, I can't fuck with you  
I'm into big things  
Nah, I ain't gonna stand on the corner  
I'm into big things  
Now the talk is small talk  
I'm into big things  
I'm into big things  
The big things  
The big things

I go past ya'll  
Ya'll got the glass jar  
And when I hit it, admit it  
Ya'll on ya'll ass ya'll  
We on the same team  
You don't wanna pass the ball  
Chuck and gun up the dough  
You want to score  
But you really don't want to ball  
I put you on  
It was me that introduced you to wealth  
Crossin' me

Is like shootin' yourself  
Wanna blow so fast now do it yourself  
You ain't shit now  
You was so ill, why you never came out  
Where ya clique now  
Where you sit now  
In the back seat  
Mad cuz I flip styles  
And I pack heat  
Make you run laps  
Like a pro athlete  
An' I done that  
From my experiences  
I appear relentless  
Take more time  
Just to hear my sentence  
Imma tell you what's real  
An' what could stop you from makin' a mil  
You could prevent this  
When niggas don't see eye to eye to you  
Lie to you  
Wanna get high wit you  
Want to eat food off of your labor  
And take food off your table  
Cuz they don't see your vision  
Don't understand your mission  
Is to make history  
While you here  
How long you plan on livin'  
Not for forever  
At least to 140  
Pray for me  
I'm tryin' to eat  
Like the niggas who bought  
Motown on Berry Gordy  
Good God

Nigga I'm tired of games  
I'm into big things  
Gotta get my life together man  
Cuz now I'm into big things  
Now the talk is small talk  
Cuz now I'm into big things  
I'm into big things  
The big things  
The big things

Man we already did that  
Now I'm into big things  
No time to get sidetracked  
Now I'm into big things  
Get money now besides that  
Some more big things  
I'm into big things  
The big things  
The big things
