

# Less Than an Hour

Nas

La-la-la-la-la-la-la-la-la-la-la..  
(Uh-oh, yeah)

Mr. International  
The man centerfold women loathe  
Voice bump out the Bose in a tinted Rolls  
Craftiness, take a stab at it  
Don't ask if Nasty's back at it  
I don't run out of magic  
Popular, box-cutter flow  
Time is money; the watch cost dough  
Shaking the dice, fragrances from some beautiful ladies  
The lights, the ambiance, yeah, this is the life  
The money, hotties on each arm--It's on  
I party like a rap star, baby the facts are  
The third time's a charm  
So meet me by the Eiffel Tour  
Bring a bottle of Dom

I am here (I am here)  
This is the place (This is the place)  
The atmosphere of espionage at expensive tape  
And each one that I see is an unfamiliar face  
So I guess I'll just cut straight through the chase  
And before I could say the name of whom I came to see  
Someone suspicion then came to me  
I'm so close and I've come so far  
A glass of red wine sits from the women at the end of the bar  
I love to talk to you - but I don't have the time  
She looks like the prettiest part of a perfect crime  
Ohh if I could I could I'd put a picket fence around a wild flower  
But darling I have "Less Than an Hour"  
(I... have "Less Than an Hour")  
(I... have "Less Than an Hour")  
Hm... Ohhhh... Funny how time flies when you're having fun  
(Nas: Yeah, let 'em know) But I got to do what must be done

You on a winning streak  
You survived the killer streets  
Now you at the crap table, where the real villains meet  
Number seven might get you to Heaven  
You break the bank, just might make you a legend  
It's after eleven, you playing against a poker face  
Genie eyes, light green, sipping on Bellini's  
You play your cards right, she'll let you touch  
She'll be a devil in disguise, lady incubus  
Better know who to trust  
She might roll with thugs who roll bodies up in Asian rugs  
I'ma rush up and move on 'em, put the uz' on 'em  
The crews do something new, inform me

(I... have "Less Than an Hour")  
Ohhh... time will wait baby  
(I... have "Less Than an Hour")  
Ew-ohhh... ewwwwwwwww... hm...  
I'm in the pursuit of my own personal power  
And I only have an hour
