

# You Wouldn't Understand

Nas

Yeah, Harlem, Bronx, Brooklyn  
Let's make a bet, I know the reason you ain't make it yet  
You say you set, but you ain't see the tedious ingredients  
That go inside of a rider, you hiding from problems and  
You never knew how to make dollars  
You couldn't make orders at a drive-through McDonald's  
I was fly at the Apollo with black Jason, '89 with a bottle  
Niggas jealous of Jason, dark green seven forty, no tint  
Rollie on wrist, gleaming he rock the baldy  
Used to ride with him to Brooklyn, louis, and hallsey  
Cop chocolate thai, Vernon style and burn it down  
My nigga hype in the federal joint, verdict out  
20 years getting money in the dirty south  
That's alleged, you see my nigga's a stand up dude  
So I'm yelling free my nigga  
My nephew godfather Malik, he jammed up too  
For what his hands usually call for, but he ain't do it

Who you are ain't in the recipe to what I am  
Cause where I'm from, man, what I see  
You wouldn't understand where I been and what I do  
No matter how you try you never can  
Cause where I'm from, what I see  
You wouldn't understand where I been, where I been

You ever been on the other end of a robber's revolver?  
Not me, call me Lucky Nas Casalana  
All been shot in the medulla oblongata and survived  
And praised God with a bullet, I never collided  
Some did and they lived, I salute the gods  
Moet spilling, splash my mistake on my Timb boots for y'all  
N.Y. nigga, Adidas, jogging suit  
Shelltoes, slim, fly nigga  
Hudson River, rent a boat, t-shirt with a dinner coat  
And vintage Fila like I'm the ghost of Domencio  
On any day getting throwed in a tinted vehicle  
Like a old BK gangsta, but I'm the CEO  
Of Nasty Nas Enterprise, mastermind, made men  
My success symbolizes loyalty, great friends  
Dedication, hard work, routine builds character  
In a world full of snakes, rats and scavengers  
Never make choices out of desperation, I think through it  
Break through walls like Pink Floyd  
And drink fluids of all kind of alcohol, y'all  
Vineyards in France, yachts out in Cannes

Who you are ain't in the recipe to what I am  
Cause where I'm from, man, what I see  
You wouldn't understand where I been and what I do  
No matter how you try you never can  
Cause where I'm from and what I see  
You wouldn't understand where I been, where I been

Now holla at a millionaire  
Rollie, Hublot and Audemar, deciding which one to wear  
Who to screw, what to drive, 550 with the cream guts inside  
Or the Super Sport Range truck is fly

Diamond ring on my knuckles like fire, bitch  
Gat's on us, I don't really trust these guys  
Spend a couple bucks a night on bottles on cuties  
If she beautiful, the lustful type, I'll hit it and bust inside  
Fuck it, I'mma die one day, they gon' probably make that day a holiday  
Until then, let's go on a shopping spree  
Speaking for my real niggas, only OGs  
Certified who kill niggas when put in that seat  
But tonight we on chill, nigga, chill mode  
Spill more Spades, listen to Jeezy and Hov, some Rozay  
It's like we always on the grind with no brakes  
So tonight we gon' act like we on vacation with this on rotation

Who you are ain't in the recipe to what I am (word)  
Cause where I'm from, man, what I see  
You wouldn't understand where I been and what I do  
(Y'all wouldn't understand)  
No matter how you try you never can  
(You wouldn't last a day in my shoes, homie)  
Cause where I'm from and what I see (yeah)  
You wouldn't understand where I been, where I been

True B nigga, yeah  
For my hood niggas, yeah, yeah  
To my man Eric B., what up? Yeah  
The whole city, I see you  
To my man Big Slate in the fed joint  
My man Spunk, free my niggas  
All my niggas, yeah  
Club Vernon, I see you  
I see you, yeah  
And Baltum, I see you
