

# Can't Say No To You

Nashville Cast

I can do anything with these hands,  
Work all day like my old man  
Until I'm delirious

I know a good deal when I see one  
A saint I'm never gonna be one  
I'm serious

But baby, when it comes to you  
There are things I can and cannot do.

Darling,  
Stars shine whenever you're with me,  
I melt like the ice in your sweet tea,  
I'm bulletproof  
I just can't say no to you, girl.

I'm loving you without trying,  
Whatever you got I'm buying  
So try me  
I ain't no one's fool  
I just can't say no to you

I know when to walk away  
When the fists fly  
I never had a problem with goodbye  
I know right from wrong

There's one thing in this world  
That makes my knees weak  
Tongue tied up and I can't speak  
When I think it's wrong

Hmm, baby, when it comes to you  
I'm all "yeah yeah yeah" from my head  
Down to my shoes

Yeah yeah yeah

Darling,  
Stars shine whenever you're with me,  
I melt like the ice in your sweet tea,  
I'm bulletproof  
I just can't say no to you, girl.

I'm loving you without trying,  
Whatever you got I'm buying  
So try me  
I ain't no one's fool  
I just can't say no to you  
Now I can't say no to you
