

Fade Into You

Nashville Cast

If you were the ocean and I was the sun
If the day made me heavy and gravity won
If I was the red and you were the blue
I could just fade into you

If you were a window and I was the rain
I'd pour myself out and wash off the pain
I'd fall like a tear so your light could shine through
Then I'd just fade into you

In your heart, in your head,
in your arms, in your bed,
under your skin
Til there's no way to know
where you end and where I begin

If I was a shadow and you were a street
The cobblestone midnight is where
we first meet

Til the lights flickered out,
we dance with the moon
Then I'd just fade into you

In your heart, in your head,
in your arms, in your bed,
under your skin
Til there's no way to know
where you end and where I begin

I wanna melt in
I wanna soak through
I only wanna move when you move
I wanna breathe out
when you breathe in then
I wanna fade into you

If I was just ashes
and you were the ground
And under your willow
they laid me down

There'll be no trace
that one was once two
After I fade into you

And I just fade into you

And I just fade into you

And I just fade into you

And I just fade into you
