

# The Blues Have Blown Away

Nashville Cast

Looks like it's gonna be a beautiful day  
Children outside laugh as they play  
Just listen to the little bluebird sing  
you never know what the day's gonna bring

The sun is shining, the sun is shining down  
There's a silver lining behind every cloud, they say  
Looks like the blues have blown away

You and me walked down the street  
Waving hello to the folks that we meet  
Now that all the rain is gone  
We're just carrying that

The sun is shining, the sun is shining down  
There's a silver lining behind every cloud, they say  
Looks like the blues have blown away

The future's looking brighter, I can see it in your eyes  
There's a rainbow up above us in the skies

The sun is shining, the sun is shining  
The sun is shining, the sun is shining down  
There's a silver lining behind every cloud, they say  
Looks like the blues have blown away, blown away
