

High As Hell

Nashville Pussy

I drag it all day long, someone else's song
Go here, go there but it don't do wrong
But then I had enough, oh baby, let me be
Oh, come on, come on
People can't you see that I'm, I'm high as hell
I'm high as hell
I'm high as hell
I've got a notion for y'all, I love to waist on hell
She sniffs, my hoard, oh baby you can't tell
I'm the king of the well
I'm just piss and crass

Look up and bow down
Kiss my ass
'Cause I'm, I'm high as hell
I'm high as hell
I'm high as hell

Oh now, baby
Yeah, kill me

I won't start no fight
I try to walk the line but they lie
Cutest kid, straying all the time
So if one for the row and if you don't mind, one more to help m
e go blind
I'm high as hell
I'm high as hell
I'm high as hell
Ha, ha, you can put that on my tombstone baby
