

Say Something Nasty

Nashville Pussy

Well, it's just like Jesus said
Go put some shit inside their heads
You gotta stand up for getting down
So, roll me a joint and pass that thorny crown

Gotta, say something nasty
Really, let loose
Pay no attention
Ain't nothing but the truth

I got my foot to the floor
'Cause I don't give a damn, anymore
Do you worship that rumbling sound?
You better kneel down and pray before
The baddest wheels in town

Gotta, say something nasty
Really, let loose
Pay no attention
Ain't nothing but the truth, hit me

Now, you like what I got to say
Then get your dead ass out of the way
I'll bring your whole world crumbling down
It'll be easier than shooting
Dead dogs inside a pound, get me?

Say something nasty
Really, let loose
Pay no attention
Ain't nothing but the truth
You've gotta

Hit 'em when they're down, baby
Kick 'em in the dirt
Give me three seconds
Show you where it hurts
