

Crazy Love

Nasri

Looking from the outside, remember thing from when we met
They can say what they want but they don't know what we had
We might be a little different cuz we don't love any advice
Either all the difference cuz that's just does
Cuz when we fight we fight and when we kiss, we kiss
And we get everthing we got and get better then this
I need this feeling, crazy love
Up on the ceiling crazy love
I would be crazy t give it up
Cuz it's crazy love,
When I try to be perfect we don't care if a clue
Baby lets make this working
Even if we go fool
I will jump off a mountain if you said we could fly
No matter how crazy are things, now baby will survive
Cuz when we fight we fight and when we kiss, we kiss
And we get everthing we got and get better then this
I need this feeling, crazy love
Up on the ceiling crazy love
I would be crazy t give it up
Cuz it's crazy love, crazy love, crazy love, crazy love
Losing our minds,
I need this feeling, crazy love
Up on the ceiling crazy love
I would be crazy t give it up
Cuz it's crazy love,
I need this feeling, crazy love
Up on the ceiling crazy love
I would be crazy t give it up
Cuz it's crazy love, crazy love, crazy love, crazy love
