Nasri

Can't believe I'm running into you Haven't seen you since the days of high school You're the one who always got away Man this must be my lucky day Girl, you're looking as fine as ever How I wish that we could be together So here's what I'm gonna do I'm a have to say goodbye to you

So go, I'm not beggin' you to stay Cus I got this funny feelin' I'll be seeing you someday That's right go, I'm telling you to walk away Cus I know somewhere down the line I'll be, I'll be seeing you babe

Now you're looking at me funny, baby I ain't messin' Call your daddy let me ask him for his blessin' Cus next time we meet we'll be on different grounds Need a church, dress, tux, and some wedding vows [Singing:] Here comes the bride (so beautiful) All dressed in white

Now, go I'm not beggin' you to stay Cus I got this funny feelin' I'll be seeing you someday That's right go, I'm telling you to walk away Cus I know somewhere down the line I'll be, I'll be seeing you babe

Cus I know this might seem crazy, leaving you babe when there's so much more to say But when the heavens decide to give us a try we'll be starting a family Oh... And I'm thinkin' two babies, Josh and Kailie, and a house upon the bay We'll be best of friends, til the end, and baby I'm a promise I 'm a see you again

So go, I'm not beggin' you to stay Cus I got this funny feelin' I'll be seeing you someday That's right go, I'm telling you to walk away Cus I know somewhere down the line I'll be, I'll be seeing you babe

I can't believe it [repeating]

When I find you again I'll never let you go
