

# The Idiot Parade

Nasum

Thought you were deaf  
Yeah, I thought you were blind  
When you just stood there  
While the idiots walked in line

In the idiot parade

You are taking their side  
You are holding their hands  
You stupid motherfucker  
This must come to an end  
Come to an end

Your senseless thoughts of racial pride  
Have infested your weak mind  
Will you ever realize?  
It's not you or them, it's us

Protected by laws  
Made by your own kind  
It's the system in progress  
It's the death of the free mind

It's the idiot parade

Deaf, dumb and blind  
May be your only excuse  
Not how much you have suffered  
Not the years of abuse  
The truth is foolproof

Your senseless thoughts of racial pride  
Have infested your weak mind  
Will you ever realize?  
It's not you or them, it's us!

Face me  
Convince me  
And show me  
How I am wrong, what I have started

Blame me  
Seduce me  
Convict me  
Decide my fate and end my struggle

Nothing went wrong  
There is no one to blame  
Yet no one is safe  
When the idiots are on parade
