

# A Thousand Thoughts Of You

Nat King Cole

A thousand thoughts of you  
Will haunt me ever after  
The music of your laughter  
Will serenade my heart.

A thousand thoughts of you  
Will roam the night and find me  
With chains of love, they'll bind me  
To dreams that won't depart.

Your face,  
Your smile,  
The moonlight in your hair

Your lips,  
Your eyes,  
I'll see them everywhere.

A thousand kisses, too  
Will keep me reminiscing  
For there'll be no dismissing  
A thousand thoughts of you.

A thousand kisses, too  
Will keep me reminiscing  
For there'll be no dismissing  
A thousand thoughts of you.
