

If I May

Nat King Cole

I'd like to love you everyday
If I may (If I may)
And dream dreams of you every night
If I might (If I might)
And if I may
I liked to say
I wish that you were mine
If I had you, all I would do
Is adore you all of the time

I'd liked to tell you of your charms everyday
If I may
I'd liked to hold you in my arms every night
If I might
You're the object of my affections
And if you have no objections
I'd like to love you night and day
If I may

I'd like to love you everyday
If I may
And dream dreams of you every night
If I might
And if I may
I liked to say
I wish that you were mine
If I had you, all I would do
Is adore you all of the time

I'd liked to tell you of your charms everyday
If I may
I'd liked to hold you in my arms every night
If I might
You're the object of my affections
And if you have no objections
I'd like to love you night and day
If I may
