

## Serenata

Nat King Cole

Tonight while all the world is still  
Fly sweet song over the highest hill  
Go to my loved one, Serenata for me  
Sing him my song, love's melody

Tonight, when we are so far apart  
Bring him back, back to my lonely heart  
Go to my loved one Serenata and say  
When you're in love, love finds a way

Go to my loved one Serenata for me  
Sing him my song, love's melody

Go to my loved one, Serenata and say  
When you're in love, love finds a way  
Love finds a way, love finds a way  
Love finds a way
