

# Heaven

Natalia Kills

Heaven must be beautiful right now,  
Cause they got you baby,  
Cause they got you babe.  
Heaven must be beautiful right now,  
Cause they got you baby.  
Cause they got you babe.

Yesterday you where in front of me,  
Woke up this morning,  
All of a sudden you're a memory.  
Oh, if life is as short as they say it is,  
I guess we'll meet again sooner than we think we will.

I thought if I looked around you'd always be there,  
And before I fall you'd pick me up and tell me keep believing.  
My heart stopped beating soon as you stopped breathing,  
I got on my knees and I don't care who sees me,  
Heaven's gotta wait because I need you.

They say a picture says a thousand words,  
But I would trade a thousand pictures to hear one of yours.  
I'm not done saying prayers,  
Like I was writing your letters,  
Cause if heaven's far like I think it is,  
You wouldn't get 'em.  
So yeah, so this is just making it harder,  
I can't just call you up and laugh with you,  
The way we used to.  
Oh, this world isn't good enough,  
It don't deserve you.  
Cause you was an angel all along,  
And now god returned you.

And heaven must be beautiful right now,  
Cause they got you baby,  
Cause they got you babe.  
Heaven must be beautiful right now,  
Cause they got you baby.  
Cause they got you.

They say that god is full of mysteries,  
Sometimes I wonder if you tell him that you're missing me.  
Cause I miss you everyday,  
Like they took someone away,  
Like they took color away and it's grey,  
Needs to get the hell away from me.

So much life loss, unnecessary,  
Street wars, world war,  
Earth is only temporary.  
Anger's only momentary.  
Words replaces by weaponry,  
We need to save the humans,  
Save the future,  
Stop our history becoming.

And I'm sorry.

Did I take you for granted?  
But did I ever thank you?  
I meant to every day.  
Please don't say it's too late to pay homage.  
Never called yourself a hero,  
But you never disappointed me.

You think you're so in control,  
But boy we don't even know what's coming round.  
I should be counting down my blessings,  
Like I'm counting down seconds.  
Cause I can only say goodbye for now, for now.

I know heaven must be beautiful right now,  
Cause they got you baby,  
Cause they got you babe.  
I know heaven must be beautiful right now,  
Cause they got you baby.  
Cause they got you, you, you.
