Trouble

Natalia Kills

Oooh woah oooh…
I'm trouble
I'm trouble
Oooh woah oooh…
I'm trouble
I'm trouble

Hey lover come and be my alibi,
I'm gonna burn down the house tonight…
Ride with me I know your friends say that I'm trouble.
Hold me down in the siren lights,
Love me even when my lies ain't white,
Light the fuse on the dynamite…
I'm trouble

And oh oh oh
It's the only way I know oh oh
My daddy taught me so oh oh
When he said to me
"Don't look back
When you walk away…"
I'm the best mistake you'll ever make

Oooh woah oooh…
I'm trouble
I'm trouble
Oooh woah oooh…
I'm trouble
I'm trouble

Learn your lines, get your story straight,
Broken bottles gonna seal your fate…
Happiness is just a glass away,
I'm trouble
Breath me in, like the summer nights,
It's only a mistake if we don't survive…
Kids grown up, but we're not alright,
We're trouble

And oh oh oh
It's the only way I know oh oh
My daddy taught me so oh oh
When he said to me
"Don't look back
When you walk away…"
I'm the best mistake you'll ever make

Oooh woah oooh…
I'm trouble
I'm trouble
Oooh woah oooh…
I'm trouble
I'm trouble

One, two, for your bad tattoos and
Three, four, sneaking in through my window
Boy we grew up bad,

But we never had nothing but each other…
Save your innocence for the next life,
Never let them make you think twice
When the wreckage flies,
Cause this life don't last forever babe…

And oh oh oh
It's the only way I know oh oh
My daddy taught me so oh oh
When he said to me
"Don't look back
When you walk away…"
I'm the best mistake you'll ever make

Oooh woah oooh…
I'm trouble
I'm trouble
Oooh woah oooh…
I'm trouble
I'm trouble

Oooh woah oooh…
I'm trouble
I'm trouble
