

# All Or Nothing

Natalia

Don't try to deny  
My faith is your agony  
So what if my appearance  
Might grace Fold Magazine

Oh, baby give it up  
Don't try to control me  
I bet you've had enough  
Of fearing my destiny

Stop thinking of you  
Start thinking of me  
Can't give you my love  
Unconditionally  
Oh, 'cause it's all or nothing  
(All or nothing)

I can't be around you  
If you ain't got what I need  
So make up your mind  
Though you better believe  
Oh, that's it all or nothing  
(All or nothing)

Hmm

So why criticize  
My lifestyle and luxury  
It's so clear your interference  
Is a waste of energy

Oh, baby give it up  
Don't try to control me  
I bet you've had enough  
Of this stupidity

Stop thinking of you  
Start thinking of me  
Can't give you my love  
Unconditionally  
Oh, 'cause it's all or nothing  
(All or nothing)

I can't be around you  
If you ain't got what I need  
So make up your mind  
Though you better believe  
Oh, that's it all or nothing

Why should you take the best of me  
Oh, baby, baby, baby  
You gotta take me as I am

Ooh, I do what I have got to say  
Oh, baby, baby, baby  
This is who I am

Stop thinking of you  
Start thinking of me  
Can't give you my love  
Unconditionally  
Oh, 'cause it's all or nothing  
(All or nothing)

I can't be around you  
If you ain't got what I need  
So make up your mind  
I said you better believe  
Oh, that's it all or nothing  
(All or nothing)

(Baby give it up, don't try)  
Just give it up  
(Bet you've had enough of this)  
I can't be around you, oh

(Baby give it up, don't try)  
You better believe  
(Bet you've had enough of this)  
It's all or nothing

(Baby give it up, don't try)  
Stop thinking of you  
(Bet you've had enough of this)  
Whooooohooooo
