

Ridin' By

Natalia

Car broke down on highway 49 today
Had my shades on
You were drivin' by
Pulled over to the side to help me baby

Next thing I know
You had fixed ever'thing
Before I hit the road
Let me buy a coffee for you at the Corner Café

Sun shinin'
I was drivin'
You were ridin', ridin' by
Just drivin'
You were ridin'
I was stranded on a warm & sunny day
And you came my way

Where did time go?
Enjoyed your company my friend
By the way thank you again
For all of your time
Was every much appreciated

Got to get gone
Step outside to say goodbye
Hop in my ride
Sunroof down
Crank up the stereo

Sun shinin'
I was drivin'
You were ridin', ridin' by
Just drivin'
You were ridin'
I was stranded on a warm & sunny day
And you came my way

Perfect timing
You were ridin' by 'n
Aint't no denying
(yes) the sun ws really shining
Time was flying
The time was flying away

Back on the road
Took off like an eagle flyin'
I feel the wind blow
Smile on my face
Ain't no replacing this feeling baby

In the distance
Clearly I can see the horizon
Feel that bass blow
Pumpin' like a drum
Oh, I feel the race of the rhythm

Sun shinin'
I was drivin'
You were ridin', ridin' by
Just drivin'
You were ridin'
On a warm & sunshiny day
Sun shinin'
I was drivin'
You were ridin', ridin' by
Just drivin'
You were ridin' ridin'
I was stranded on a warm & sunny day
And you came my way
