We're All Alone

We're all alone - Natalia Outside the rain begins and it may never end So cry no more on the shore of dreams Will take us out to sea Forever more forever more Close your eyes and dream And and you can be with me 'Neath the waves through the caves of hours Long forgotten now We're all alone we're all alone Close the window calm the light And it will be alright No need to bother now Let it out let it all begin Learn how to pretend Once a story's told It can't help but grow old Roses do lovers too So cast your seasons to the wind And hold me dear oh hold me dear Close the window calm the light And it will be alright No need to bother now Let it out let it all begin All's forgotten now We're all alone oh oh we're all alone Close the window calm the light And it will be alright No need to bother now Let it out let it all begin All's forgotten now We're all alone we're all alone Let it out let it all begin Owe it to the wind my love
