

Alive

Natalie Bassingthwaighte

Alive, alive, alive, alive

Never thought the day would come when I'd see
My reflection smiling right back at me
It's been a while since I've been happy
Not sure that I'm ready
I never planned on lettin' love in
Didn't wanna go back there again

But maybe I could
Maybe I should
Take a, take a chance on you

Tonight, I'm lost in the music and lights
I don't wanna let go but I might
If it's right
Tonight, tonight, tonight, tonight
Is this real?
Cause this heart is just startin' to heal
And you're so close to makin' me feel
Me feel ... Alive, alive, alive, alive

I didn't ever think that I'd be given
Everythin' that I was missing
It's like somebody out there's listening
Still not sure, that I'm ready
But maybe I could
Maybe I should
Take a, take a chance on you

Tonight, I'm lost in the music and lights
I don't wanna let go but I might
If it's right
Tonight, tonight, tonight, tonight
Is this real? Cause this heart is just startin' to heal
And you're so close to makin' me feel
Me feel ... Alive, alive, alive, alive

You're makin' me feel, alive, alive
Alive, alive, alive, alive

I don't know if it's love again
But I'm closer than I've ever been
You're makin' me wanna let you in (wanna let you in)
I can feel your energy
I can't explain the chemistry
All the signs are telling me
Take a chance on you

Tonight, I'm lost in the music and lights
I don't wanna let go but I might
If it's right
Tonight, tonight, tonight, tonight
Is this real? Cause this heart is just startin' to heal
And you're so close to makin' me feel
Me feel ... Alive, alive, alive, alive

Tonight, I'm lost in the music and lights
I don't wanna let go but I might
If it's right
Tonight, tonight, tonight, tonight
Is this real? Cause this heart is just startin' to heal
And you're so close to makin' me feel
Me feel ... Alive, alive, alive, alive
