## Alive

Alive, alive, alive, alive Never thought the day would come when I'd see My reflection smiling right back at me It's been a while since I've been happy Not sure that I'm ready I never planned on lettin' love in Didn't wanna go back there again But maybe I could Maybe I should Take a, take a chance on you Tonight, I'm lost in the music and lights I don't wanna let go but I might If it's right Tonight, tonight, tonight, tonight Is this real? Cause this heart is just startin' to heal And you're so close to makin' me feel Me feel ... Alive, alive, alive, alive I didn't ever think that I'd be given Everythin' that I was missing It's like somebody out there's listening Still not sure, that I'm ready But maybe I could Maybe I should Take a, take a chance on you Tonight, I'm lost in the music and lights I don't wanna let go but I might If it's right Tonight, tonight, tonight, tonight Is this real? Cause this heart is just startin' to heal And you're so close to makin' me feel Me feel ... Alive, alive, alive, alive You're makin' me feel, alive, alive Alive, alive, alive, alive I don't know if it's love again But I'm closer than I've ever been You're makin' me wanna let you in (wanna let you in) I can feel your energy I can't explain the chemistry All the signs are telling me Take a chance on you Tonight, I'm lost in the music and lights I don't wanna let go but I might If it's right

Tonight, tonight, tonight, tonight Is this real? Cause this heart is just startin' to heal And you're so close to makin' me feel Me feel ... Alive, alive, alive, alive Tonight, I'm lost in the music and lights I don't wanna let go but I might If it's right Tonight, tonight, tonight, tonight Is this real? Cause this heart is just startin' to heal And you're so close to makin' me feel Me feel ... Alive, alive, alive, alive
