## **Superhuman**

## Natalie Bassingthwaighte

Never thought this would happen to me I turn around, never thought I could feel so good I feel like a butterfly, it's beautiful, my state of mind I never thought I could replace the smile that left, but it's back again I, I, hope that it stays a while The strange emotion is incredible, logical, but totally wonderful, I I feel superhuman, I'm in an illusion I've only got you to thank for bringing back what I lost, baby inside I'm alive, I'm alive, I'm alive, I'm alive The weather changed, can't see no rain, I u-turned, I'm back again I've never been so into something, no, no I, I, hope that you know that you make me feel so incredible, physical, totally wonderful, I, I I feel superhuman, I'm in an illusion I've only got you to thank for bringing back what I lost, baby inside I feel superhuman, I'm in an illusion, right out in the open To find out all the fears I had, I'm bringing back what I lost baby inside I'm alive, I'm alive, I'm alive, I'm alive You're good for me, you turned around You pulled me back, to solid ground I feel superhuman, I'm in an illusion I've only got you to thank for bringing back what I lost, baby inside I feel superhuman, I'm in an illusion I've only got you to thank for bringing back what I lost, baby inside I feel superhuman, I'm in an illusion, right out in the open To find out all the fears I had, I'm bringing back what I lost baby inside I'm alive, I'm alive, I'm alive, I'm alive I'm alive, I'm alive, I'm alive, I'm alive
