

# This Can't Be Love

Natalie Bassingthwaite

This can't be love, just hooked up for fun, you  
couldn't be the one, those things never last  
This can't be love, that's not what I need, you feel too  
good to me, this habits forming fast

I just wanted a kiss, it ended up like this, it's  
getting so hard to resist

This can't be love  
It's not what it feels like, everything's way too good  
It's not what it feels like, don't even think I could  
Even though it seems so right, thinking maybe I might  
tonight  
This can't be love

This can't be love, I tried to escape, those stupid  
mistakes, so don't say that word  
This can't be love, to feel this free, when you're here  
with me, everything's been blurred

I just wanted to feel, it ended up too real, it's  
getting so hard to deal

This can't be love  
It's not what it feels like, everything's way too good  
It's not what it feels like, don't even think I could  
Even though it seems so right, thinking maybe I might  
tonight  
This can't be love, this can't be love

Just wanna let go, no need to know  
Don't wanna think about it tonight, don't wanna think  
about it tonight  
Just close my eyes and feel you by my side  
Don't wanna think about it tonight, I wanna think about  
it tonight

This can't be love  
It's not what it feels like, everything's way too good  
It's not what it feels like, don't even think I could  
Even though it seems so right, thinking maybe I might  
tonight  
This can't be love

This can't be love  
It's not what it feels like, everything's way too good  
It's not what it feels like, don't even think I could  
Even though it seems so right, thinking maybe I might  
tonight  
This can't be love, this can't be love
